

COZUMEL

A CORAL REEF PARADISE FOR SNORKELERS AND DIVERS

The largest inhabited island in Mexico, Cozumel is mainly known for its calm, clear waters that perfectly showcase the largest coral reef in the American continent. Just a 30-minute ferry ride from Playa del Carmen, Cozumel is a place where history is packed into the Mayan temples within the island's jungle.

Cozumel's white sand beaches are best enjoyed with a cocktail in hand. There are also natural parks, a crocodile farm, a stingray beach, or a dolphin aquarium to explore. Guests can immerse into clear waters on a submarine and view the coral formations, or they can gear up with scuba or snorkeling equipment for a first-hand encounter with the famous Palancar and Colombia reefs. Or they can simply chill at historical San Miguel, the downtown area.

With all the adventures on the sparkling waters of the Caribbean Sea, Cozumel is a dream vacation. Let Amstar DMC be the guide your clients need to live it to the fullest!
