

A QUIET RESORT TOWN TEEMING WITH HISTORY

Huatulco has come a long way from its roots as a small fishing village on the Pacific coast of Mexico's Oaxaca state. Visitors who value their space can enjoy this destination — not as developed as the bigger Mexican tourist resorts, but with many of the same upscale resorts and unforgettable adventures at sea. Luxurious private boats allow for unforgettable sailing on the bays and beaches of Huatulco, where relaxation, amazing vistas and good times are guaranteed.

Additionally, there are great adventures by land, including nearby villages thousands of feet high in the Sierra Madre Mountains, where coffee plantations and waterfalls hide in the wilderness. And as a port city founded in the 16th century, the colonial Spanish influence is present throughout its architecture. Huatulco is a magical and unforgettable destination for sure, and Amstar will be happy to take your clients there.
