

LA ROMANA

NATURE AND RELAXATION IN THE SOUTHEASTERN COAST

The stunning landscape of La Romana features gorgeous sandy beaches and clear waters along the southeastern coast of the Dominican Republic. Gear up for a snorkel adventure and an up-close look at the coral, fish, rays and even playful sea turtles.

You can also just chill out on Bayahibe Beach, located a few miles outside of La Romana. Rest under the shade of woven palm-frond palapas and lie on hammocks for some next-level relaxation.

The sea is surely calling your name, but there are plenty of amazing land-based adventures, too. Travel by zip line through the low, jungle-covered mountains of this region or visit local sugar cane, coffee and cocoa plantations. You are bound to spot endemic animal and bird species like iguanas, parakeets and a full day of adventure awaits in this Caribbean paradise!

▶ WATCH VIDEO
